Summary

Educational instructor with a deeply rooted desire to help others prepare for their futures. In depth knowledge and experience in digital teaching, digital learning, and curricular design. Adept in fostering safe learning environments, meaningful and professional relationships, and assessment literacy. Passionate about continuous research and lifelong learning.

Experience

First Grade Instructor

Red Trail Elementary School
Mandan, ND
2018-Present

- Develops, coordinates, implements, and evaluates in person and digital content using a Universal Design for Learning framework to enhance all students' learning.
- Employs the backwards design theory to keep learning focused and driven.
- Utilizes motivational frameworks to engage traditional and online learners.
- Mentors and collaborates with first year teachers and practicum students to help them prepare for and begin their careers in the field of education.

First Grade Instructor

Kidder Country Elementary School
Steele, ND
2017-2018

- Analyzed data and conducted further research to ensure students were expanding their competencies.
- Collaborated with other educators to identify power standards, create curriculum maps, and generate efficient assessments.
- Collaboratively organized and implemented school-wide cultural lessons.

Experience continued...

Special Education Summer School Instructor

Marmot High School

North Dakota Youth Correctional Center

Mandan, ND

Summer 2017

- Collected and analyzed academic and behavioral data to best support students' individual needs.
- Implemented and designed developmentally and culturally appropriate curriculum and instruction.
- Infused technology to create purposeful learning activities to increase students' motivation.

Substitute Teacher

Bismarck, Mandan, and Kidder County School Districts

2016-2017

- Implemented positive behavioral reinforcement strategies in classrooms ranging from kindergarten to eighth grade.
- Served schools in a flexible manner and happily adjusted to meet the changing needs of the schools and students.
- Completed a long-term paraprofessional substitute position in a special education setting. Collaboratively worked to help meet learners' various social, emotional, and academic needs.

Advancement Via Individual Determination Tutor

Wachter Middle School

Bismarck, ND

2015-2016

- Utilized student-centered approaches to promote student-centric problem solving.
- Taught note-taking, study, and organizational skills to help reduce barriers to learning.
- Provided additional layers to the existing curriculum to augment learning.

Assistant Site Coordinator (2015-2016)

Youth Leader (2015)

Missouri River Educational Cooperative Extended School Program

Bismarck, ND

- Developed and implemented learner-centered activities to increase students' engagement, relationships, and community involvement.
- Established and maintained clear and consistent classroom management expectations.
- Fostered communication with students, students' families, coworkers, our school site, other program sites, and our local community helpers.
